

Agip FORMULA LL FO SAE 5W-30

ACEA A1, B1
API SL

Synthetic high-performance engine oil with lowered HTHS for the application in the newest models of Ford, Jaguar, Renault, Mazda and Citroen.

Characteristics (typical figures):

| Agip FORMULA LL FO | Unit | SAE 5W-30 | Test Methode |
|------------------------------|------|-----------|--------------|
| Kinematic Viscosity at 40 C | cSt | 55.8 | ASTM D 445 |
| Kinematic Viscosity at 100 C | cSt | 9.85 | ASTM D 445 |
| Viscosity Index | | 164 | ASTM D2270 |
| Density at 15 C | kg/l | 0.85 | ASTM D 4052 |
| Flashpoint | C | 224 | ASTM D 92 |
| Pourpoint | C | -45 | ASTM D 97 |

Properties and Performance:

- **Agip FORMULA LL FO** is a synthetic high-performance engine oil of the newest generation with fuel saving properties.
- It has high lubrication film stability and optimum viscosity stability (HTHS < 3.5 mPa/s).
- The high wear protection under all driving conditions ensures a long engine life.
- The modern technology reduces the emissions and therefore relieves the environment.
- Approved for the prescribed oil change intervals by the manufacturers for short- and long-distance-service.

Applications:

Agip FORMULA LL FO is a modern high-performance oil with fuel saving properties. Oils of this quality with lowered HTHS are prescribed for some models of Ford, Jaguar, Renault, Mazda and Citroen.

Before the application of Agip FORMULA LL FO in the vehicles the manufacturer's specifications, especially the ACEA, have to be thoroughly checked.

Please observe the manufacturer's specifications when selecting products!

Specifications

Agip FORMULA LL FO meets or exceeds the requirements of the following specifications.
