

## eni i-Ride motoGP

eni i-Ride motoGP is a top synthetic technology lubricant developed using the top level technology base oils and additives. It has been specifically designed for high performance four-stroke engines of motorcycles.

### Characteristics (typical figures)

<b>SAE Grade</b>		<b>10W-60</b>
Viscosity at 100 °C	mm <sup>2</sup> /s	23.5
Viscosity at 40 °C	mm <sup>2</sup> /s	160
Viscosity Index	-	177
Viscosity at -25 °C	mPa·s	6800
Flash Point	°C	225
Pour Point	°C	-36
Mass Density at 15 °C	kg/l	0.875

### Properties and performance

- The special synthetic base oils used ensure superb resistance to high operating temperatures and excellent stability thanks to the key role played by our specifically developed additives system.
- These characteristics make this product especially suitable for use in competition.

### Specifications

eni i-Ride motoGP meets the requirements of the following specifications:

- JASO MA, MA2
- API SG
